

Let me introduce myself to you all

My name is Natalia Fokht and I am your judge at 12th of June in Stockholm

My family and I have had pets most of my life. Our first family pet was a Russian Spaniel which we got in 1981. A while later, we purchased a German Shepherd. I purchased my first Dobermann in 1988.

I worked and showed this dog, but I learned quickly that he did not have enough of the qualities for the show's. Thankfully his character and temperament were magnificent, so I continued to work him.

My interest in the Dobermann continued and decided I wanted to increase my knowledge and understanding. I began to visit all the important and the largest Dobermann shows around the world and USSR as a spectator.

In 1994, I have received my license to judge Dobermann's. Since that time I judged on most important show, such as AIAD championship, Trofeo Caliadro in Italy, the championship of Russia, Poland, Serbia, Greece, Ireland, Indonesia, France, Israel etc. and many other specialized Dobermann shows.

In 1998, I bought a female puppy out of the combination - Italian Champion Ugor di Villa Conte and a German female, Indira v.d.Rauberhohle. This puppy was Trefovaja Dama iz Slavnoi Stai. At the time that I purchased her neither I, nor the breeder had any idea that she would become one of the most significant Dobermann's of that era. She was an outstanding winner. She won everywhere she appeared and has a long list of victories. In September 2000, she won the most important and prestigious of all the Dobermann titles - "IDC WINNER."

Other prestigious awards I have won as the handler include – IDC Championship with Bombastic v. Hanseaten (IDC Winner), Euro Dog Show with Giminy Ginga House ("Euro Winner"), World Dog Show with Nestor iz Zoosfery ("Vice World Winner "), Euro Dog Show with Teraline Indigo and Ingrid ("Youth Euro Winners").

Trefovaja Dama iz Slavnoi Stai became the foundation of my kennel "Teraline", "Tera" was her pet name.

In 2001, I mated Trefavaja Dama with the best male of our time – Gino Gomez del Citone. This combination produced a magnificent litter, my "A" litter. Every dog in this litter was outstanding dogs. I kept a female - Teraline Aurora. Aurora like her mother also was an outstanding show dog. She has won most of the prestigious and significant Dobermann titles, including :-

"The Best Dog of the National Championship of Russian Dobermann Club" - 2003, "Vice-Champion of Europe "

and in 2005 she became the first Russian Dobermann, to win the title "Winner of Italian Dobermann Club " (AIAD Winner).

In the same year, Aurora successfully passed the most complex and prestigious German Working Test - " The Korung ". Aurora is today a very unique show dog of a high level of quality and she is also very unique to Russia, she is the only one who holds this test. I have worked with many other Dobermann's for the

preparation for their ZTP and IPO.

The most important contribution to Aurora and to my achievement's, is as a breeder. In each of Aurora's litter's, she has produced Dobermann's on the highest level worldwide. They include winners of the most important shows attended by Dobermann's exhibitors :

"IDC-Winner, AIAD-Winner ,Youth Euro Winner - Teraline Ingrid",

"Youth Euro Winner, Multi Champion - Teraline Indigo",

"Multi Champion - Teraline Isabelle",

"Multi Champion - Teraline Dancing Queen",

"Multi winner - Teraline Lord of the Ring",

"IDC vice-Youth Winner, Youth World vice-Winner, European Winner-2010, Multi Champion - Teraline Midgard",

"IDC vice-Youth Winner, European vice Winner-2010, Multi Champion - Teraline Montera".

Now, together with Aurora and us, we have two of her daughters and son: Dancing Queen and our young stars – Montera & Midgard.

....Each of us in life is given a chance for success. Greater work is necessary to take advantage of it, keep it and increase greatly. My chance was Trefovaja Dama and today her children and grandson's continue her success and the history of my kennel. " TERALINE ".

Natalia
